The **INAD** (**Día sin Ruido –“DsR”**) it's being promoted in Spain by the **Spanish Acoustical Society (SEA)** since 2006.

Each Year **SEA** organizes several activities with the cooperation of the Institutions, Professional Associations and Schools. These activities during almost twenty years have been: technical symposia, concerts with students, etc., and always the “**DsR**” was closed with an “official” act in a Secondary School, including several performances by the students and the “**60 seconds**” of silence at midday, an opportunity to listen the Soundscape of the site.

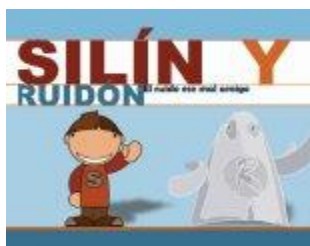

Besides these activities, this Year **SEA** has reinforced all activities according with the programme established by the **European Acoustics Association (EAA)** for **INAD 2017**.

#### **INAD 2017 Activities**

- This year our motto for the **DsR’17** is **“El ruido es enemigo del confort acústico” – “The noise is the enemy of acoustics comfort”** including in the attached poster.
- According with the **EAA Competition “Sounds of my place”**, the **Spanish Acoustical Society (SEA)** has sponsored two national competitions for primary and secondary students with prizes of 500 €, 200 € and 100 €. [Direct link to our web](#) with the regulations.
- The winners of the national competition will be presented to the **EAA Pan-European** competition.
- The awards will be given in a public ceremony the **26<sup>th</sup> April - DsR’17** – in a significant place to be determined. The media –TV, radio and journalist- will be invited to the event.
- This year the main act of the **DsR’17** will be at the “**Colegio Mirabal**” in Madrid which school teachers during the present quarter have explained the **SEA’s didactic units**, and organized the performances for the “**Day without Noise 2017**”. Also, the students have been working in the noise

map of the school; the students use sound level meters provided by our association and the map will be presented in the **DsR** act.

- As every year SEA presents during the school year a Campaign about Consciousness on Noise in different schools, with the actuations of the Tale Tellers [“Silin y Ruidon”](#) in the primary schools, performed by the actors Juan Gamba and Clara Piñeiro and script of Antonio Calvo-Manzano.
- SEA participates in the secondary schools with talks about “A world of sounds in your hands”, script of Antonio Calvo-Manzano.
- The comic “Silín y Ruidón” has different versions: [printed](#), audiovisual [narrated](#) and [narrated with subtitles](#) for hearing impaired children is presented to the primary pupils, as well as the [video-game “Silin y Ruidon”](#)

- In the secondary schools the leaflet [“En busca del confort acústico perdido”](#) (The search of the lost acoustic comfort) and audiovisual version [narrated](#) and [narrated with subtitles](#) for hearing impaired children. These publications developed and published by SEA with script of Antonio Calvo-Manzano and illustrated by F.M. Moscoso.

#### **Diffusion of the INAD 2017 –DsR’17**

- The printed **DsR’17** and “**Sounds of my place**” posters have been distributed directly by post mail to 2.200 primary and secondary schools, including the Regulations of the Competitions and some indications about how to organize the **DsR’17** at the school.
- Also the posters and the competition’s information have been sent by the post directly to the Educational Authorities of the 17 Spanish Regional Government plus the two autonomous cities.
- With the cooperation of the Spanish Ministry of Education the information on INAD and scholar competition Regulations have been also distributed to 34 Spanish schools located in Europe, South-America, Morocco and Sahara. These schools are public schools by the Spanish Government and the students are following the Spanish education system.
- The whole packet of this information has been distributed by e-mail to 800 addresses of media and journalists.

- As usual the media will be informed of all **DsR'17** activities including the **School Competition** and some **SEA** members will be interviewed by TV, radio and newspapers.
- The next –digital and printed- issue of our Journal “**Revista de Acústica**” will inform on the **DsR'17** activities and the printed version will include the **DsR'17** poster; both digital and printed version are distributed to our members, subscribers and colleagues, including the acousticians of Ibero-America through the acoustical societies of the **Iberian Federation of Acoustics -FIA-**.
