

*To all ICA Board Members and Presidents of Member Societies*

*The ICA is an associate member of the International Council for Scientific Unions, ICSU*

*We have just received notification from ICSU about this survey from the The American Association for the Advancement of Science, "Triple A-S" (AAAS), which is an international non-profit organization dedicated to advancing science around the world by serving as an educator, leader, spokesperson and professional association. In addition to organizing membership activities, AAAS publishes the journal Science, as well as many scientific newsletters, books and reports.*

*The AAAS is seeking as wide a response to the survey as possible. We are sending this request onto you in the hope that you will encourage your memberships to consider completing this questionnaire on how scientists and engineers view their responsibilities*

*### Request for participation####*

You are invited to participate in a questionnaire aimed at identifying how scientists and engineers view their responsibilities. The questionnaire is anonymous and should take no more than 5-10 minutes to complete. You may complete the questionnaire online here: <https://www.surveymonkey.com/s/SciEngResponsibilities-Questionnaire>

As we aim to reach as many scientists and engineers globally as possible, your willingness to provide input is greatly appreciated. In addition, we ask that you share this questionnaire with colleagues at home and overseas. In particular, Coalition Member and Affiliated Organizations are asked to share this questionnaire with their membership.

This questionnaire is a joint activity of the AAAS Program on Scientific Responsibility, Human Rights and Law and the Ethics and Human Rights Working Group of the AAAS Science and Human Rights Coalition. If you have any questions about this activity, please contact Jessica Wyndham at [jwyndham@aaas.org](mailto:jwyndham@aaas.org).

Sincerely,

Mark S. Frankel, PhD

Director, AAAS Scientific Responsibility, Human Rights and Law Program

Jessica Wyndham, LLM

Associate Director, AAAS Scientific Responsibility, Human Rights and Law Program

Coordinator, AAAS Science and Human Rights Coalition

Robert Albro, PhD

Co-Chair, Ethics and Human Rights Working Group, AAAS Science and Human Rights Coalition
