

## **Euronoise 2018**

### **CALL FOR PROPOSAL**

According to the Internal Regulations on EAA Conference Selection approved by the EAA General Assembly in Budapest 2005, the following procedure will be followed to select the hosting EAA member society for the EURONOISE European Conference on Noise Control 2018.

An EAA member society (or a group of EAA member societies that intend to act together) will have to submit a formal proposal to host the 11<sup>th</sup> European Conference on Noise Control in the year 2018 (EURONOISE 2018) containing at least the information on :

- Proposed City
- Conference venue (rooms for plenary lectures and oral presentations, space for exhibition, space for posters, lunch opportunities)
- Dates of the Conference (with alternatives)
- Organizing Committee with specific roles (e.g. chairman, technical chairman, and so on)
- Past experience in organizing national and international conferences
- Preliminary technical programme
- Social programme
- Hotel accommodation with prices
- Travel facilities
- Expected number of participants (on basis of the last EURONOISE Conferences)
- Draft cost plan (participation fee for full participants and for students, sponsors, exhibition, etc.)
- Budget
- Programme to support the participation of young acousticians (e.g. accommodation, special fees, grants)

**The proposal must be sent as a pdf file to the EAA General Secretary ([secretary@european-acoustics.net](mailto:secretary@european-acoustics.net)) no later than the 2<sup>nd</sup> May 2015.**

### **Step 2.**

The EAA Board will process and select the proposal before the next General Assembly, which will be held on **May 31<sup>st</sup> 2015 in Maastricht.**

General selection criteria are:

- a) **Organizing Capacity** (Completeness of the proposal, Experience of the Organizing Committee)
- b) **Fitness** of the Conference Venue
- c) **Richness** of the technical programme
- d) **Participants facilities** (Travel, Hotel accommodation)
- e) **Fair opportunity** (when, where and how often important international conferences were hosted in the past, in particular EURONOISE, FORUM ACUSTICUM, INTERNOISE and ICA)

The General Assembly will ratify the selection made by the Board.

Representatives of the EAA Technical Committee Noise will be involved in the selection process.

EAA expects a contribution shared from the royalties of the conference. Details will be fixed in a contract. EAA will provide support, particularly by offering all communication facilities available including advertisement in the journals Acta Acustica united with Acustica and Acoustics in Practice and by cooperation of the EAA TC Noise in the organisation.

**This Call for proposal is sent to all EAA member societies.**

Michael Taroudakis  
President of EAA

Tapio Lokki  
General Secretary of EAA
