

EUROPEAN ACOUSTICS ASSOCIATION

Madrid, October 29th 2015

To Dr. Irina Bjørnø

Dear Dr. Bjørnø,

On behalf of the board of the European Acoustics Association I would like to express my deepest condolences for the loss of Professor Leif Bjørnø, a distinguished member of the acoustics community in Europe. Prof. Leif Bjørnø has contributed a lot to the area of underwater acoustics through his numerous publications, his research achievements and his students, who have become prominent researchers in the field. He was a leading figure in administration and coordination of scientific and research activities in underwater acoustics. In addition, he has contributed to the development of our journal Acta Acustica united with Acustica, as he served as associate editor for several years.

He will be kept in our memories for ever.

Sincerely yours

Michael Taroudakis

President of EAA
