

EAA condolences for the terrorist attacks in Brussels

On behalf of the European acousticians, we express our deepest condolences to the Belgium Acoustical Society (Association Belge des Acousticiens / Belgische Akoestische Vereniging (ABAV)) and to the people of Belgium for the victims of the terrorist attacks held today March 22 2016, in Brussels. Once more we state emphatically that Europe is a continent dedicated to peace. The terrorist attacks against the people of Europe are against humanity. We won't let fear to prevail in our activities.
