

On the occasion of the retirement of Henk Wolfert we organize a mini-symposium on Noise and Health.

Henk Wolfert has been European Policy Advisor at the DCMR EPA and fulfilled in that position several functions, e.g. chair of the Working Group Noise EUROCIITIES.

He enjoyed the international work, especially the work and the meetings of the working group Noise all over Europe.

You are warmly invited to attend the mini-symposium Noise and Health on 12 October at the DCMR EPA in Schiedam.

During this one day symposium the focus will be on the guidelines Noise and Health WHO which will be published at the end of this summer.

The symposium is followed by the reception for all participants. Those who have worked with him can shake hands if they so wish.

Due to the limitation of seats you are advised to register timely by sending an email to mini-symposium@dcmr.nl Please register before 20 September.

The symposium is free of charge. The provisional program is attached.

Henk would really appreciate your participation in the symposium and/or farewell reception.

We hope to welcome you on the 12th of October.
